AT LAST! A DIGITAL WORKPLACE INTRANET DESIGNED FOR YOUR BUSINESS AND YOUR NEEDS

Leveraging the best aspects of Microsoft 365, we've perfected an intranet recipe that delivers everything you need to enhance productivity and user experience, whilst working within a modest budget.

With over a decade of intranet experience and some of the best "tech chefs" in the industry, Sharing Minds' 'Intranet Chef' is the set menu approach to creating your modern workplace.

We've taken of the best ingredients you'd expect to find in a custom intranet, sifted out the elements you don't need and served at an affordable price - fully prepared in a short timeframe so that you can get on with what matters to you.

YOUR FLAVOUR

In addition to serving you a modern workplace masterpiece, we also add in your company's flavour with customisation to the look and feel of your new intranet, to compliment your brand identity.

We'll include your logos, custom colours and more, to make it a workspace that represents your business perfectly.

OUR MENU OF INGREDIENTS

Design: Seamless design and easy navigation for enhanced user experience.

Communication: Communicate to your entire company from News boards, Announcements and e-News.

Calendar: Create company events, schedules and meetings, visible to everyone.

Document Space: Find, collaborate, see and save all your documents in one secure place.

Office 365: 100% perfect for your Office 365 ecosystem.

Analytics: Gain deep insights to assist in reporting and analysing your company's workflow data.

Engagement: Boost your employee engagement with modern communication, social and collaboration features.

Media Hub: Access your videos, vectors, company logos and images in a searchable hub from anywhere.

DON'T HAVE INTRANET REGRET. BUILD IT ONCE, BUILD IT RIGHT.
